

SAN LORENZO MOUNTAIN LODGE

SAN LORENZO
DI SEBATO
VAL PUSTERIA
DOLOMITES

Away from it all, immersed in the sensuous paradise of an elegant, charming and much-loved home, San Lorenzo Mountain Lodge is a unique and luxurious refuge. To experience San Lorenzo is a real privilege whether in summer or winter and is undoubtedly an unmatched European mountain destination.

San Lorenzo Lodge is totally and utterly unique. It is luxurious in a very special way because where else in the mountains can one find such a magical hideaway with an atmosphere of total tranquility, discreet elegance, absolute privacy and the ultimate in hospitality?

The brainchild of Stefano and Giorgia, San Lorenzo Mountain Lodge is situated in the pristine woods of Val Pusteria in the Dolomites (UNESCO site) and was formerly an elegant 16th century hunting lodge for the local aristocracy. Set within 42 acres of woods and meadows at an altitude of 1200metres, this rustic chalet has been restored and transformed into an atmospheric, luxurious and stunning home where relaxation and escapism is the key! Come to San Lorenzo Mountain Lodge and the word 'stress' will start to disappear rapidly from your vocabulary.

Inside, the lodge has been lovingly and meticulously restored in keeping with tradition and guests will love the original heavy wooden doors, the vaulted ceiling of the hall and the sensitive use of natural textiles and materials. Furthermore, the

interiors go even further to enhance one's love of this magical home. The very best in taste and style pervades throughout from the furnishings, the natural colours, the gorgeous bathrooms to the small details such as the linen sheets, luxurious 'Trehs' cosmetics and candles for that added addition of romance!

Dining at San Lorenzo is out of this world. Guests can enjoy the very best in fresh, local, organic products and genuine Italian cuisine. Giorgia produces an enviable mix of Mediterranean Italian cooking

together with the traditional dishes of the Dolomites so that guests can experience a truly authentic Italian experience. Dinners go way beyond what anyone can imagine and of course accompanied by some very fine wines of the South Tyrol from the San Lorenzo cantina! Healthy and delicious breakfasts start the day perfectly be it in the winter and off to the slopes or in the summer and some hiking in the local mountains or a spot of golf at San Lorenzo's private and totally unique golf course.

Every season at San Lorenzo is a joy. Be it a long weekend or an extended holiday there is so much to do in the local area but of course you may well find that you simply cannot draw yourself away from the luxurious and tranquil paradise of the lodge. Days here just disappear as even the most stressed of guests manage to unwind and relax. One cannot fail to be seduced by the ambient natural environment, the phenomenal outdoor panoramic whirlpool, the sense of peace and a place to simply 'be'. However, for the more active and sporty then there is no end of activities from skiing on the fantastic nearby slopes of Plan di Coronas in the winter to hiking, biking and rock climbing in the summer and much more. There is even a private helipad at the lodge and in just 4 minutes you can arrive at the top of the slopes to start your day's skiing!

Hosts Stefano and Giorgia are the key though as it is them that really make San Lorenzo so special. This is no average chalet in the Alps but somewhere with a soul and a charm that one can only understand by experiencing. As a couples' retreat, a family gathering for a

celebration, a luxurious base for winter or summer activities or as somewhere to simply indulge in the real pleasures of life, San Lorenzo is a real one-off.
