

SATURNIA,  
MAREMMA,  
TUSCANY

*Famous worldwide for its beneficial thermal waters and treatments, Saturnia is set amidst pristine Tuscan scenery and the Terme di Saturnia Natural Spa & Golf Resort is the ultimate destination for complete and utter relaxation.*

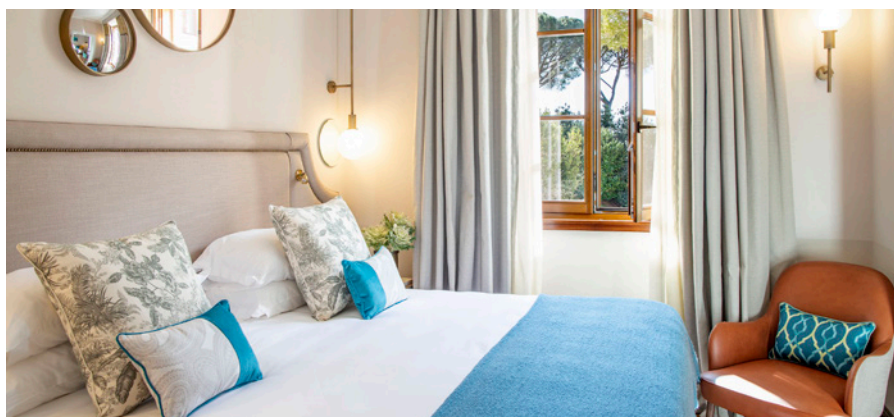

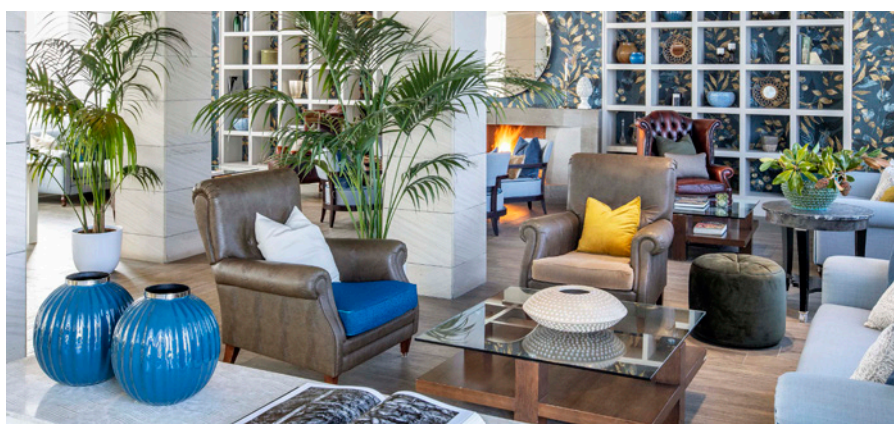

The hotel is an ancient travertine construction surrounded by an age-old park and has been sympathetically designed in harmony with its natural surroundings and Tuscan tradition. The resort underwent a complete renovation in 2020 merging nature and architecture in a totally novel way with indoor and outdoor spaces flowing between one another. Contemporary decoration has been cleverly incorporated using the natural and soothing colours of marble and travertine thus creating a modern yet classical ambience where guests can unwind and switch off from modern day stress.

Days at Terme di Saturnia drift by magically and one can very quickly forget about time and the outside world. Here, the atmosphere is one of complete and utter relaxation where guests can enjoy the healing qualities of the thermal waters, the numerous spa treatments, healthy and delicious cuisine of the restaurants and the natural feeling of well-being. For those guests who feel the need for exercise then there are plenty of options be it an early morning guided walk in the Maremma countryside, an e.bike tour, a game of tennis or a round of golf and for anyone interested in exploring the surrounding area then delightful towns of Pitigliano (built on tufa) and Scansano (famous for its Morellino red wine) are nearby as is of course, the village of Saturnia up the hill from Terme di Saturnia.

The Etruscans and Romans loved immersing themselves in the hot water, regarding it as a divine gift and how the style and convivial atmosphere of Roman baths two thousand years ago have been created once more in Terme di Saturnia's hot springs. A few days here will leave anyone feeling revitalised and uplifted – the perfect antidote to stress and a great healer!
